

# B2B – Business to Business

**Tyreman continues to lead the way in integrated business to business sales solutions**

With our latest on-line ordering solution Tyreman gives your business another advantage over the competition.

## Introducing Tyreman

**Tyreman** is the next generation of real world automotive solutions.

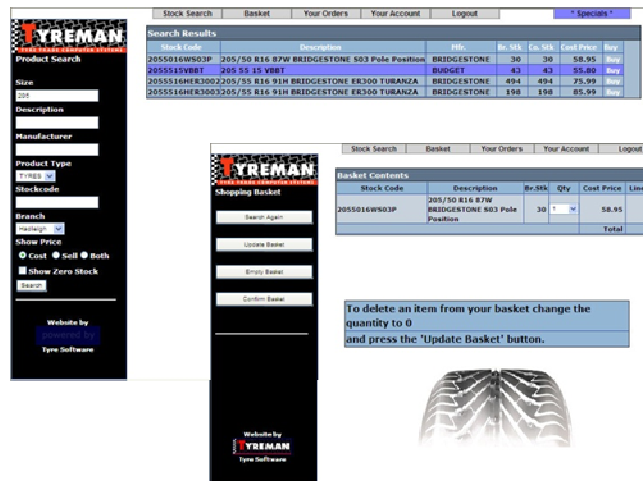

**Tyreman** have been working hard to deliver what the market has been looking for.

Our solutions are fully interoperable with new features and latest technologies that are available not only now, but well into the future.

So if you are interested in improving your service and margins today, then the logical choice is ...

## Tyreman

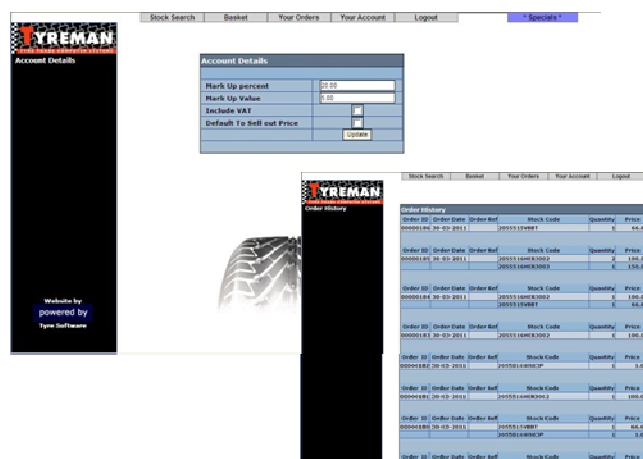

Branded with your logo and corporate colour scheme.

Flexible search filters to build orders and the ability to display selling prices based on customer set margins make this screen invaluable to your customers.

Your customers save time and money on phone calls and you release valuable staff time to concentrate on other duties, orders can even be placed when the office is closed.

With automatic order link straight into Tyreman as a held order, there is no re-keying of information, so the order only needs confirming prior to dispatch.

Buyers can set their own mark up on cost and present as their own stock to impress their own customer.

A visual record of previous orders placed on the system is accessible as an online enquiry.
